# President's Remarks:

Over the past year as a Board member, I have learned so much and grown in my understanding of what it is to be an effective board member and how best to run an association. Board members are the fiduciaries who work to ensure our Association moves towards a sustainable future by adopting best management practices concerning ethical, legal, governance, and financial matters.

As President, it is my duty to help ensure we do our due diligence and vote upon issues to keep things running today and moving our Association forward in the future. Each board member, whether elected or appointed, willingly gives his/her time and energy to help this community by carefully understanding each issue and making a vote in the best interest of the Association and Membership. It is also the President's duty to ensure that Association members have a forum to raise their concerns and ensure that we as a board we listen. I have taken pride in being available to members and I would like to thank those community members who have taken the opportunity to contact me directly with questions and concerns. We have potential for a larger change in our management practice in front of us. With respect to this potential change, I want to ensure that all members receive the same message, directly from the BOD. I would like to continue to share information about Association Management Companies and how we arrived where we are today. I'd like to start with a timeline, for transparency:

- August 2022
  - The Chair of the ODC assigned a task group to contact Association Management Companies.
- October to December 2022
  - After our Community Manager's resignation, a previous member of the ODC task group assigned with contacting numerous Association Management Companies contacted the then Officers of the Board to make introductions.
    - 4 companies were submitted for review
  - The initial investigative stage consisted of the Officers meeting with 3 different Association Management Companies between the end of October to the beginning of December (the 4<sup>th</sup> company was dismissed prior to meeting as they primarily focused on managing rental properties for associations). The Officers needed to be certain that Association Management Companies were both financially viable and functionally complete options for our Association. Once it was deemed that this could be a good opportunity for the Association, it was taken to the rest of the Board.
- December 2022
  - The Board met with FSR on December 15<sup>th</sup>.
- January 2023
  - The Board again met with FSR on January 10<sup>th</sup>.
  - The Membership were informed about the Board considering a Management Company on January 12<sup>th</sup>.
  - The Board was advised by counsel on January 31<sup>st</sup>, in the form of a dialogue pertaining to the proposed contract. We as a Board highlighted to Counsel what was needed in the contract to ensure our Association would remain protected. Additionally, our Lawyer provided general feedback about engaging the services of an Association Management Company based on experiences with other communities.

- **February 2023**
  - References consisting of 4 Presidents of other Lake Communities, who engage the services of FSR, were contacted as part of the Board's due diligence.
  - The Membership received more detailed information about Association Management Companies and the benefit to the Association in the February newsletter.
  - At the February Board Meeting, the Membership received further information about what Association Management Company we are specifically looking into and what the financial advantages are for the Association. There was also an impromptu Q&A session during the Treasurer's presentation.
  - The Board continued to work with our Association's Lawyer on contract terms that align with LHPOA bylaws, operations, and values.
  - The modified contract is now back with FSR for their legal review.

Which brings us to March 2023.

On March 8<sup>th</sup> we will hold a Zoom information session. We will recap in further depth the process to date followed by a community questions and answers session. We hope to achieve openness of communication and transparency with respect to this path. The idea to engage an Association Management Company was initiated in a committee, it moved through the process to a BOD recommendation, and now is in negotiation. We are proud that, regardless of the outcome, our process of bringing change through community voice continues to work.

While I had hoped that we would have been able to have an Association Management Company come on board in March, that has not been possible. The earliest time that we would be able to engage the services of FSR would be April 1, 2023. As stated previously, our goal is to hand over a functioning Association to the new Board.

For communication and transparency for the members, here is what the Board's next steps currently look like:

- Legal Counsel informs us that the contract between LHPOA and FSR can be signed
- The contract to bring on FSR for a period of 1 year will be taken to the BOD for a vote.
- This is an important step to ensure each Board of Director's voice is heard. The motion for the contract to be signed will either pass or fail.

There are differing opinions and the outcome may not always be one that you desire. I am inspired by American engineer, Henry Martyn Robert, who wrote in 1923:

The greatest lesson for democracies to learn is for the majority to give to the minority a full, free opportunity to present their side of the case, and then for the minority, having failed to win a majority to their views, gracefully to submit and to recognize the action as that of the entire organization, and cheerfully to assist in carrying it out until they can secure its repeal.

This is the same Robert that penned the Rules of Order codified in our By Laws. Whatever the outcome of the vote, it needs to be gracefully recognized and carried out.

March will bring change for the BOD with the election on March 15<sup>th</sup>. New directors will be sworn in on March 30<sup>th</sup> at the Reorganization Meeting. With this, we will see Board Member and Treasurer Mike Waller, and Board Member Harry Buzzerd step down.

Thank you to Mike Waller, who has been an invaluable member of this Board and who has served as Treasurer. Since Mike joined the Board in November 2021, Mike has worked no less than 35 hours a week in addition to his BOD duties. He has assisted in training Taylor in all things Finances to ensure things run smoothly and without hiccups at the end of his term.

As his term comes to an end, we would like to thank Harry Buzzerd for his time on the Board. We wish you, and the other candidates, all the best in the March 15<sup>th</sup> election.

# Meet The Candidates Event Saturday, February 11, 2023

Article and Photos submitted by Pete Vogel

About 40 LHPOA members came to the Community Center for the February Meet the Candidates event, and many more joined on Zoom to ask questions of our 2023 Board Candidates. Three of them, Alan Kwiatkowski, Rich Dooley, and Tom Reidenbach, were present in person. Steve Dwyer sent in pre-recorded answers to questions submitted by the Nominating Committee. Harry Buzzard was ill and could not attend.

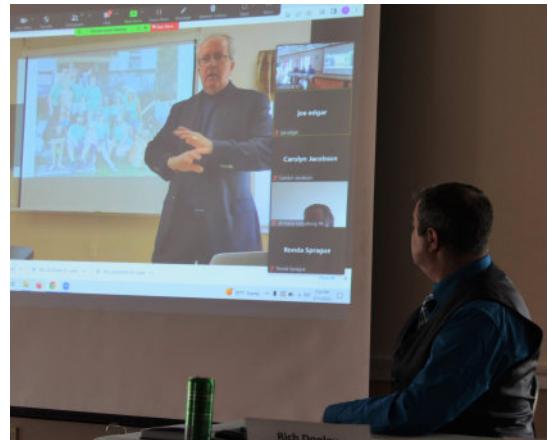

The candidates were asked for their opinions on the By Law which allows our dues to be raised by the cost of living each year. Alan Kwiatkowski thinks it is a good practice while the others feel that maintaining equitable dues is important and should be looked at in more detail by financial experts. There was discussion about the Bylaws and how outdated many of them are. Another question pertained to improvements which LHPOA should be considering. All agreed that fixing the dam and doing something about storm water should be a priority. In addition, there was agreement for the need to improve communication and transparency.

When the floor was opened to member questions, most were in concern of the recent announcement that the Board is looking into bringing in a management company to run things at Lake Heritage. Members who posed the questions as well as the candidates themselves were concerned that there seems to be a rush on doing this and that the community has not been adequately informed of the facts about this possibility. Kwiatkowski, Dooley and Reidenbach all talked about having Town Hall type meetings with the membership so they can express their concerns and answer them.

**Remember members of Lake Heritage... the future of your community exists with your vote.  
Your ballot must be turned in by 5:00pm on Wednesday, March 15 to qualify.**

(L to R) Candidates Rich Dooley, Alan Kwiatkowski, and Tom Reidenbach.

Candidate Steve Dwyer stating his pre-recorded responses to the Nominating Committee questions.

## That's a Good Question!

Q: Will there be a shredding and/or E-Recycle event this year?

A: There was no shredding event scheduled for the fiscal year 2022/2023, however, there was an E-Recycle event in October 2022.

The LHPOA Office has listened to the membership's feedback for both events, and will provide more details on both at a later time in the 2023/2024 fiscal year.

# Free Native Tree and Shrub Seedlings by Request from Adams County Planting Partnership

The Adams County Planting Partnership—an initiative of the Adams County Conservation District and the Watershed Alliance of Adams County—has partnered with the Chesapeake Bay Foundation's Keystone 10 Million Trees Partnership to distribute more than 10,000 free native tree and shrub seedlings this spring to Adams County residents who request them.

More than 25 species of native tree and shrub seedlings will be available while supplies last. Visit the Watershed Alliance website at...

[AdamsWatersheds.org](http://AdamsWatersheds.org) or the Adams County Conservation District's website at [AdamsCountyPA.gov/Departments/ConservationDistrict/TreeSeedling](http://AdamsCountyPA.gov/Departments/ConservationDistrict/TreeSeedling) for the online form. Deadline for ordering seedlings is Friday, March 24.

The seedlings will be available for pickup at the Adams County Agricultural and Natural Resources Center, 670 Old Harrisburg Rd., Gettysburg, on Friday, April 21 and on Earth Day, Saturday, April 22. Also on April 22, the Adams County Planting Partnership will host seedling-planting demonstrations, educational exhibits, and more in observance of Earth Day.

Once planted, the seedlings will grow into trees and shrubs that capture stormwater runoff that can pollute our Lake Heritage, streams and drinking water, as well as remove carbon dioxide and other greenhouse gases from the atmosphere.

*A 501(c)(3) nonprofit organization, the Watershed Alliance of Adams County is dedicated to enhancing and protecting the water resources of Adams County. For more information about the Watershed Alliance, visit [AdamsWatersheds.org](http://AdamsWatersheds.org).*

*The Adams County Conservation District works to promote voluntary conservation and good stewardship of Adams County's natural resources. For more information about the Adams County Conservation District, visit [AdamsCountyPA.gov/Departments/ConservationDistrict](http://AdamsCountyPA.gov/Departments/ConservationDistrict).*

## Lake Heritage Rules for Burning Debris

According to Lake Heritage Land Use Permit Regulations and Structure Code, Section 9, article 5 pertaining to small fires, the rule is...

**Small Fires used for burning brush, wood and paper cannot be left unattended at any time. The contractor and/or property owner must notify Adams County Control of his or her intentions to burn this material.**

**Debris never allowed to be burned:**

- Styrofoam in any form
- Plastic sheeting, bags, or forms
- Cardboard or any form of paperboard
- Construction materials
- Trees, large logs, or large quantity of plant material

**For the sake and health of your family, neighbors, and wildlife, be respectful of these rules. Contact the office if you have questions.**

**In addition to LHPOA Regulations, you must also be in compliance with State and Local regulations.**

# HELP US GET THE LEAD OUT

PENNSYLVANIA  
AMERICAN WATER

In Partnership With

Pennsylvania American Water needs your help to identify the material used for your water service line.

We've launched a statewide project to identify the material of each customer's service line. With this information, we'll publish a public-facing online map with our findings by the latter part of 2024 and ultimately work to remove identified lead and certain galvanized water lines from service.

## HELP US IN 3 EASY STEPS

In early 2023, customers whose service line material is unknown to Pennsylvania American Water were sent a postcard in the mail with information on how to participate in this important identification effort. If you received one, please "pipe up" and respond using these three easy steps:

**3 EASY STEPS**

1. **SCAN THE QR CODE BELOW OR VISIT:**  
[TINYURL.COM/PAWCSURVEY](https://tinyurl.com/pawcsurvey)
2. **FOLLOW** instructions, answer questions, and upload a photo of your service line material.
3. **PROVIDE** your name, address, and contact information, then click "SUBMIT" and you're finished!

LISTED ABOVE.

IF YOU NEED ANY ASSISTANCE, CONTACT US! (877) 201-7926

“

Determining what material every customer's service line is made of – including the lines owned by them and not just by us – is a massive undertaking, and we're asking our customers to take this request seriously and please respond so we can take action accordingly.

Although our company is in compliance with lead action levels in water due to our treatment controls, we believe that identifying and ultimately removing lead lines from service is the right thing to do for the health, safety and peace of mind of our customers.

## March Report

Submitted by Secretary Robin Robertson

Spring is around the corner, and now is the time to get in shape. Those of us at the Fun and Fitness Club welcome you to join us on Mondays, Wednesdays, and Fridays from 10 to 11 am at the Community Center. We are thrilled that 94 attendees joined us in the month of January, and we saw some new faces in February.

The class includes both active and in-place exercises. We use bands or light weights. Participants are encouraged to modify exercises as needed since we are open to all age groups and include both men and women. Come when you can and remember classes are free!

In the event of bad weather, the Club will cancel a class if schools are closed. A Class will be conducted however if there is just a delayed start to the school day.

If you have any questions, please call President Kathy Miller at 717-334-9443 or simply show up at 10:00 on MWF at the Community Center.

# Creativity Club

## FEBRUARY 10, 2023 MEETING

Forty-two members celebrated our "Valentine's Day Italian Dinner" and Club meeting on February 10, 2023.

The Community Center was awash in hearts and red - from table settings and centerpieces to the red clothing worn by many members. The theme was perfect for enjoying many traditional home-made Italian dishes, including lasagna, pasta and spaghetti with meatballs, salads and warm garlic bread right from the kitchen oven. Desserts included tiramisu, cherry pie, fudge brownies, valentine cakes and chocolate covered cherries. No one went home hungry!

Club President Steve Oakes ran the business meeting. Treasurer Ernie Clevenger presented the January 2023 financial status (spreadsheets were at each table), reporting \$6,798.40 in funds on hand, including \$898.95 earmarked for the Club's Veterans Initiative. All were reminded that Ernie is happily collecting Club dues for 2023. The Treasurer's report was approved by the members.

The Secretary's report of the January 13th meeting was approved by the members, and those with February birthdays were recognized (there were no anniversaries to celebrate). Our "most life-experienced" member received a Valentine-shaped hot chocolate bomb, while a couple - both celebrating their birthdays this month - each received a Hostess Valentine's Ding-Dong cake. Our other celebrant received Lindt Valentine-themed truffles.

In old business: (1) Scotty Watt read a thank you letter from Roots for Boots, a local non-profit that recently received a \$200 donation from the Club's Veterans Initiative funds. The letter was well-received. (2) Steve noted there are openings for hosting duties for December's meeting. (3) Charlotte Gary reviewed the findings of her audit of the Club's financial procedures and account. She reviewed the account's balances and expenditures, and reported no discrepancies (Ernie was greatly relieved to hear that). The members were pleased to receive and accept her report.

In new business: (1) Steve reviewed the details of the upcoming Family Dinner/Bingo Night (February 17). All appears set for a fun event. (2) Steve noted no issues have been raised with the Women's Club scholarships effort to date. (3) Ernie reported he has made progress with planning the spring Emerson-Greenholt Family Fishing Marathon. Our goal will be to reduce both the catfish and white perch fish populations this year. Look for details in next month's LHOA newsletter. (4) Steve reminded all that with Agnes Reuter taking lead on the Club's annual Spaghetti Bingo Fundraiser, we still need a new lead for the July 4th Pancake Breakfast Fundraiser. Please contact any Club Officer if you are interested in taking the lead on this important event.

The next Fishing Club meeting is Friday, March 10th, 2023. Hosts are Bill Smith, Tom and Charlotte Gary, and Sherry Winchester.

The meeting was adjourned at 7:35 p.m.

**WE WORK  
DIFFERENTLY.**

*We finish what  
nature started.*

Our specialties lie in templating, fabrication, and installation of all natural stone and engineered stone surfaces. We pride ourselves on paying attention to detail and excellent customer service. Our staff will help you with the color selection (we have over 2000 colors to choose from) and design, throughout the entire fabrication process, making your natural stone selections a pleasant and fun experience.

*Let us help you build your dream kitchen with a  
beautiful line of Shiloh Cabinetry.*

### NOW A SHILOH CABINETRY EXPERT

Shiloh Cabinetry is built by W. W. Wood Products, Inc., a family-owned company since its beginning in 1977.

We began as a moulding and milled lumber supplier working out of a small shed. Over the years, we evolved and grew to become one of the largest independent suppliers of cabinetry in the country. We have enjoyed steady, robust growth because of our family style of management that allows us to respond quickly to the ever-changing cabinet market. This style of management also focuses on a commitment to quality, driven by the dedicated and hard-working team members throughout the organization.

Shiloh Cabinetry is available in most areas, except the northwestern United States.

## That's a Good Question!

Do you have a Lake Heritage related question or concern which needs to be answered or acknowledged? Tell The Breeze!

Send a clear, brief description of the information which you need to know and email your request to [news@lakeheritage.org](mailto:news@lakeheritage.org). Please include your name, email address and pertinent information such as your address as it relates to your question.

Your question will be forwarded to the Board Officer or Director or Manager who is responsible for the answer. Details of the response will appear in a future issue of The Breeze. One question and answer will appear per issue for space purposes.

## The Breeze Submissions Policy

**Important New Submission Detail:** If a Club/Committee would like the Office Staff to develop a creative for an event which is to be published in The Breeze, the request must be put in writing and sent to [news@lakeheritage.org](mailto:news@lakeheritage.org) by normal publication deadline of the 15<sup>th</sup> of the month.

Submissions received after the News Team compiles The Breeze for publication are subject to appear in a subsequent issue. All news submissions must be emailed to...[news@lakeheritage.org](mailto:news@lakeheritage.org). Please do not send content to any other email address.

## Article/Content/Photo Rules

[News@lakeheritage.org](mailto:News@lakeheritage.org) is an email portal site which allows The Breeze News Team to view articles, photos, and other content. If an emailed submission needs to be changed in any way, please send a separate new message to cancel the original information. Then send the new, correct article/information plus all original photos and any other attachments. This step will help to alleviate as much confusion as possible. Word Documents are required for articles. Maximum of 6 clear, relevant JPG photos (300 DPI minimum) with appropriate captions, full names, etc. per article please.

## Advertising Details

Email Advertising submissions and information to: [Admin@lakeheritage.org](mailto:Admin@lakeheritage.org).
