These instructors have done a stellar job working with the kiddos this season. Their experience and education in child development has definitely been put to good use!

## Lap Swimming Etiquette

We are lucky to have two dedicated lap lanes in our giant industrial pool, and the lifeguards are here to make sure that lap swimmers have unimpeded lanes for workouts. If you are a lap swimmer, remember that you don't have to wait for a turn in a lap lane. With a little swimming etiquette in place, the lanes can be shared by multiple lap swimmers. Here are some reminders:

**Entering:** Avoid diving, jumping, or pushing off into other swimmers. Wait until they have made the turn and pushed off before entering the lap lane feet first.

**Pattern:** Swim in a circle, counter-clockwise, keeping to the right.

**Speed:** Choose a lane compatible with your speed. Slower swimmers must yield to faster swimmers.

**Passing:** Pass only on the left. Tap the foot of the swimmer ahead of you to pass. Wait and pass at the wall to prevent collisions.

**Stopping:** When resting on the wall, please move to the outward corners of the lane.

Remember that the person already swimming laps won't know you are waiting for them to finish unless you ask them to share! So feel free to approach your fellow lap swimmers and share lanes.

## Pool Party Reminders

- Please remember that any **more than 6 guests** is enough to be considered a pool party, and pool parties must be booked with the main office at least **two weeks in advance**.
- Please avoid showing up to the pool with a large crowd of guests and expecting to be accommodated without planning ahead. Large crowds of guests create strain on the lifeguarding staff as well as the chemical levels of the water and need to be planned for ahead of time.
- The board passed a new policy capping the maximum number of guests at a party to a **total of 50**. This is to ensure that residents will not be crowded out by party guests.
- If you throw pool party for kids, please ask parents of nonswimmers to attend the party and supervise their nonswimming children in the water. You don't want to create an adult-to-child ratio that makes it impossible for nonswimmers to be properly supervised.
- To book a pool party, email [admin@lakeheritage.org](mailto:admin@lakeheritage.org)

Photos supplied by Ernie Clevinger

# **2024 Lake Heritage Fishing Club and Women's Club Scholarship Essay, Written by Gabe Pecaitis**

As I have been reflecting upon my involvement with the Lake, especially how it helped refine me into the person I am today. I realized the lake is not just a novelty but my home. Living here my entire life, I have shared so many fruitful experiences over the years which include; participating in the Lake Heritage Regatta Ski Show, to watching the beautiful display of Labor Day fireworks at the Point. My first true friend, Ben Incaperea, and I met at the Point playground when I four years old. The Lake assisted in developing a strong friendship that became multiple great years of sleepovers and birthday parties. Not only has the Lake encouraged life long friendships, it has also helped me to develop a multitude of skills that have directed me to pursue studying engineering in college.

When my brother first brought home a moped, I was skeptical that he would actually be able to fix it to use as transportation around the Lake. However, after a few years had passed I realized it became the perfect project and vehicle for commuting in the Lake. Watching my brother build and assemble the moped inspired me to purchase one of my own and learn the about the engine and how simple machines work. After a rough six months of working on my moped and with many helpful contributions from my brother, I was able to commute around the lake as I pleased. Throughout this process, I do admit my skills were very limited, however, I realized that this was the challenge I was looking for in life. This experience gave me insight for choosing interesting courses my junior and senior year. After fixing the moped, I appreciated the Lake even more, because it was able to hop on my moped and drive a half-mile to work.

While working at the Lake Heritage pool, I was also able to strengthen many lasting bonds with friends, as well as, gain proper work experiences. I learned from Margret Grenchik how to develop strong personal bonds with the Lake Community. Thanks to the pool manager, I was able to gain a relative understanding of the way a pool worked, its maintenance, and equipment management. Although I was Lifeguarding at the pool, it still became the place where I formed some great memories with friends and the community. Some of my favorite days were watching families assemble extravagant birthday parties for their young child and watching all the kids enjoy the commodities a community pool has to offer.

While I lifeguarded for the Lake, I have also had the opportunity to attend the Fishing Club and the Women's Club. These organizations at the Lake are a supportive resources, that helped me meet, communicate, and learn with adults who have a passion for our Lake. Both clubs have positively supported fundraisers for the JROTC summer trips, while also providing volunteer opportunities like the Road Clean Up Initiative. Being invited to be apart of these community events, I have been able to be involved in new opportunities and meet new people, not to mention the delicious homemade treats and dinners generously shared.

Being raised at Lake Heritage, I believe its prevalent resources have fundamentally improved my quality and character. The quality time I have spent with friends and family in the Lake have been pivotal on my social and mental health and have been a proactive resource for my athletic success. The runs and bike rides with friends helped develop unforgettable memories and prepared me for the pre-season sports. While my summer months were packed full of lifeguarding skiing, wakeboarding, tennis, and of course diving at the pool. I appreciate all the Lake has been able to provide for my development and create an engaging environment for students like myself stay safe and have fun.

# TAILS FROM THE FISHING CLUB

## JULY 12, 2024 MEETING

A short break in the area's oppressive heat and humidity allowed thirty-five members and guests to comfortably enjoy the Fishing Club's annual picnic at Shady Grove on Friday, July 12, 2024. While member turnout was lower than average, attendees were in high spirits as the traditional cookout celebrated Independence Day. The picnic had all the classics: charcoal-grilled hot dogs (courtesy of master chef Scotty Watt and a team of helpers), a wide array of casseroles and salads (potato, pasta, green bean, sweet potato), as well as other tasty lettuce, cucumber, and squash dishes. Desserts were also plentiful, including apple pie, fruit-topped cake, cookies, muffins and fruit salads.

There was no business meeting. Ernie Clevinger gave a quick verbal summary of our recent pancake breakfast fundraiser. In short, despite a lower turnout this year, the Club's net profit was similar to last year. Again, thanks to all who volunteered to make the fundraiser a success.

The next Fishing Club gathering is Friday, August 9th at the Community Center (social period starts at 6:00pm, dinner at 6:30pm). Hosts are Nina and Tom Dolly, Ila and Matt Verdirame, Ronda and Dean Sprague, and Teresa and Raymond Vazquez.

If you feel so moved, there will be a QR code with a link to the garden's GoFundMe page where members can make a donation to the Kids Club. Please drop off any cash donations to the Lake Heritage office earmarked for the Children's Garden. Thank you! Any excess produce that is not picked up by Monday morning will be donated to SCCAP.

Happy belated Independence Day. Gettysburg has a unique connection to this date, and not just because that's when the Rebels left town after their attack on Gettysburg in 1863 or the large North and South reunions in 1888, 1913 and 1938. Reach back even farther. Several of the earliest settlers along Plum Run (now Lake Heritage) served in the War of Independence when they marched off to join General Washington. Not only that, but James Gettys didn't lay out the town of Gettysburg until the United States of America was officially an independent nation. Giving a nod to the occasion were the front gate seasonal decorations and flowers, as well as the flag display along Heritage Drive led by Gloria Serrano and many club helpers.

With summer and tourist season in full swing, Marc McClean, co-owner with his wife Megan, of Mr. G's Ice Cream shop took a much-appreciated break and joined our July club meeting. The McClean's purchased the shop from the original Mr. G (for Gladfelter) in 2021. Wherever possible, the McClean's use locally sourced ingredients to include using fruit from Hollabaugh Brothers and cookies from a local bakery. In addition to serving customers at their Baltimore Street location, they cater, supply a variety of retail outlets and restaurants, including Kennie's Market. The higher fat whole milk base helps to make their ice cream of fan favorite of tourists and locals alike is. We were treated with generous helpings of blueberry ice cream. Toppings and other snacks provided by hostesses Soulé and Martha Boyd added to the special treat.

The business portion of the meeting covered approval of the minutes and Treasurer's report. Committee and Fundraising reports came next. Volunteers were recruited for the next Red Cross Blood drive on July 22, bake sale, and flower watering. Martha Boyd reported on various fundraising initiatives. Kelly Schultz-Dailey talked about updates to boat regulations and asked members to be on the lookout for a resident feedback request from the HOA.

Bake sales are a growing part of our budget. We greatly appreciate everyone's support and hope to see everyone at our next bake sale on August 31, 2024, during the Regatta kick-off. In addition to the usual fare, pick up some yummy treats for the dog.

The next Women's Club meeting will be at 10am on August 13, 2024, in the Community Center. Our guest speaker will be Charles Gable who will talk about the Sister City program with its international reach and other initiatives designed to make living here special. We hope you join us.
