On May 19th from noon until 3PM (weather permitting), Lake Heritage will be holding a **Family Safety Day** at the Community Center. ***See the flyer in the April & May newsletters for details***. Among those attending will be the Gettysburg Bike Shop. Bring your bike and helmet for a free bike safety and helmet fit check. PA Fish and Game will have one of their Waterways Conservation Officers there to talk about boating safety. Gettysburg Fire Department and Adams Regional EMS will have equipment there for the kids to look at along with safety information. The Pennsylvania State Police will have two Troopers there. They are "Child Safety Seat Technicians" and have been certified to check the installation of child car seats. The Journal of Pediatrics indicated in a report published in February that almost 95% of infant car seats have a least one major installation error. This is alarming since 96% of parents believe their child safety seats are installed correctly. These CSST Certified Troopers will check the installation of your car seats as a service to our Community. It should be a fun and informative day for all Lake Heritage residents. See the flyer for full information on this event.

Respectfully submitted,
Dan Tapper
LHPOA Chief of Security Operations

COMMUNITY MANAGER'S CORNER

- **New System**
- **Safety**
- **Dry Hydrant**
- **Work Orders**
- **Brush Drop-Off**

New System
We continue to bring our new management system on line. Our intention is to get to a place where the "portal" is the primary means of getting information out to the community. There is already a significant amount of information that has been added. We encourage every household to log into their portal and become familiar with the various options that are presented and check out the information available. Not all the options work yet because they have not been activated, but it will give you and idea of the potential. Eventually, the system will include a "forum" capability which will improve our ability to solicit information from everyone on selected topics.

A key component of the success of this system is training to increase your comfort level. We are planning to offer "hands on" training in next few months. Watch for the announcements.

Safety
The days are getting longer, the weather is getting better (at last!!) and school will soon be out for the summer. These all mean one thing: a lot people out and about walking, jogging, strolling babies, bike riding, etc. We always need to be conscious of driving too fast and paying attention to stop signs and pedestrians, but we need to be extra careful over the next several months. Drivers, please watch your speed and be careful of the pedestrians. Walkers, please walk facing the traffic so that you can see what is happening on the road.

Dry Hydrant
We have continued to work with the fire department to solve the dry hydrant issue at Lake View. See page 8 for a complete update.

Work Orders for Maintenance
If you notice something that needs repair, we want to know about it. The conditions around the community are reviewed on a regular basis, but we can still use your help when you see a potential problem. To deal with problems in a systematic way, we are using a work order system and ask that you use a work order to document your findings. You will find the work order form in the Frequently Used Forms section of the website or you may pick one up at the office.

Brush Drop-off
Brush drop-off dates for the remainder of the season are:

May 19	**July 14**	**September 15**
June 16	**July 28**	**October 20**
June 30	**August 18**	**November 17**

The time is **7:30 am to 1:45 pm**. **Don't forget:**

1. Limbs no larger the 3 inches in diameter
2. No grass clippings, no leaves, or garden cuttings (**must be wood**)
3. No lumber or plywood
4. No root clumps

NOTES FROM THE ASST. COMMUNITY MANAGER

- **Vehicle/Boat Registrations & Stickers**
- **Rec Area Use with Kayaks/Canoes/Boats**
- **Safety & Security Operations News and Reminders**
- **Pool Updates and Reminders**
- **Pool Passes**
- **Nextdoor letter**

Vehicle/ Boat Registrations & Stickers:
Your new stickers are required to be on your vehicle or boat by May 1st. To receive your new vehicle and boat stickers, every year you must submit copies of your current (dated after March 31 of the current year) registration, every year. Even if your boat is not up for renewal yet, or if you have antique tags on your vehicle that don't expire.

Rec Area Use with Kayaks/Canoes/Boats:
Starting May 1st, the racks are available for use. Boats, this includes kayaks, canoes, stand-up paddleboards (SUP), paddleboats, inflatable boats, etc., must have a current LHPOA sticker to be on our rec areas. This includes the storage racks and on the water itself. If canoes or kayaks are on the racks after May 1st without current stickers, they will be removed and locked in the maintenance area until you can arrange to pick them up.

The mooring cleats/rings that are on the rec areas are first come/first serve. This means that if you take your boat out for a spin, someone else may park in the spot you vacated. You cannot "hold" your spot with ropes, bumpers, etc.

For those that leave their paddleboats moored in the rec areas because they are not allowed to be stored on the canoe racks, please lend a hand to your neighbors that use the rec area and place your paddleboat farther back in the cove where it is shallower.

Safety & Security Operations News and Reminders:
It has been 1 year since Dan Tapper was promoted to Chief of Safety & Security Operations. Please wish him a happy anniversary! He has been working hard for the community all year as our head of Safety & Security Operations and also as an active member of the Safety & Security Operations Committee. His input is invaluable to the work of the committee.

Dan has continued to improve the professionalism of the employees under him, increased the amount of patrolling of the neighborhood, and worked on ways to foster community involvement. Last May he organized a Bike Safety Rodeo for the kids and this May he organized a Family Safety Day. Thank you, Dan, for your hard work this past year!

Now is the beginning of the "nice weather season" when there is more traffic on our roadways. Not only is it vehicle traffic that increases, but foot and bicycle traffic increase as well. We do not have sidewalks, and everyone must share the roadway. Please adhere to our posted speed limit for everyone's safety. To drive from the northern most point of the lake on Heritage Drive to the gatehouse at 25 MPH, only takes one minute more than driving the same route at 35 MPH. Is that one minute of your time worth the loss of life that could result from an accident with a pedestrian or a child on a bike? Please remember this when you are driving through the community in a hurry to get somewhere. Speeding only saves you one minute!

Pool Updates and Reminders:
The pool will open on Saturday, May 25th! We have about half of the lifeguards from last year committed to coming back and we have had a few apply. Our Pool Manager, Marie, has a few leads for lifeguards that she is working on as well. However, **we need more applicants**. Pass the word! If interested have them contact the office.

We are also bringing back an old position, snack bar attendant. For a few hours during peak times we will utilize a person to handle the snack bar. If you are at least 14, do not want to get certified to be a lifeguard, but would like to work at your pool for about 10-20 hours per week, please apply!

If you are interested in having a pool party this summer, please keep in mind that if you intend to have more than 6 guests, you must complete a pool party contract. It must be submitted and paid for at least two weeks in advance of the date of the party. This is so that manager is prepared to staff appropriately for the safety of all patrons.

Swim lessons schedule has been set, please see the flyer on page 13 of this newsletter.

Pool Passes:
Information coming soon on the new procedure for obtaining your pool pass this year. I will put out an email blast with information, and a sign at the gatehouse when I the new system set up. I should have something out within two weeks.

Nextdoor Letter:
We have been informed that people are getting a letter from Nextdoor asking you to sign up and it looks as though it is coming from one of your neighbors. It will contain the name of a person that lives on your street. We have looked into this at the request of a few members and we have found that it is not a letter sent by the request of the person listed. What is happening is that people will sign up for this social media site and it will automatically generate letters in their name to be sent out to other addresses on the same street.

Please be advised, neither your neighbor nor the Association, is sending this to you. This social media site is not a board sanctioned means of communication either so the information you may find on this site may not be accurate.

FIRST EVER COMMUNITY WIDE VOLUNTEER DAY!
SATURDAY MAY 11, 1-5PM

We have the plans; we just need volunteers!

Read below and consider getting involved. To volunteer for a specific task, you can send an email with your preferred activity to bbauer@lakeheritage.org or elizabethgomer@gmail.com

We will be working from 1PM to 5PM at various spots around the Lake. Come out and join your neighbors to spruce up LHPOA. The following are the planned activities:

- Clean up and refresh the **Woodland Trail with** Betsy and Eric Meyers.
- Clean, refresh and help improve the **Dog Park** with Ernie Clevinger.
- Plant **flowers at Guardhouse and in pots at Pool** with Phyllis French.
- Help prep and paint the **picnic tables at Paradise Cove and Goose Cove** with Greg Howe.
- Rake out and freshen the **sand at the Point Playground and Volleyball Court** with Bill Bauer.
- Spread **mulch at the Community Center** with Rick Franzese.
- **Paint** CC deck, sign posts at rec areas, and the tennis backboard with Keith Majeczky.
- Do some light yard **work at a neighbor's home** for someone who could use a bit of help right now. Ted Demarest will be coordinating this.

After working hard, we will all meet at Shady Grove for food and beverages. Come join us!

Neighbors Helping Neighbors

On Volunteer Day, May 11, we will have volunteers ready to come to a neighbor's home that can use some help around the yard. If you are someone of a certain age or if you are someone with physical / health constraints, your neighbors in the community would like to offer help.

We may not know who you are, so we are asking you to contact us. Or if you have a neighbor who could benefit from this neighborly help, talk to them and encourage them to get in contact with us. Anyone can contact Ted Demarest, captain of the neighbor to neighbor activity, by emailing Ted at edemarest1@aol.com. You are also welcome to call the LHPOA office at 717-334-7242.

LHPOA is a caring community. Give us a chance to show it!

COMMUNITY CENTER RENTAL INFORMATION

The Community Center is the hub of Lake Heritage's indoor events and activities. It overlooks the lake and there is a deck to enhance its charm. It is a climate controlled, spacious, well-appointed, comfortable room with complete kitchen facilities that allow for large parties and gatherings of every type and description.

Enjoying the Community Center

Besides being used for Lake Heritage organizations such as the meetings of the Board of Directors, the Fishing Club, the Women's Club, etc…, it is the perfect venue for weddings, family reunions, and events that often take place in spaces that accommodate up to 150 people (its capacity).

Features and Usage Requirements

- Specifically, for Lake Heritage Residents
- List of rental fees are available in the office
- Must be reserved in advance, at the Lake Heritage Office
- Full service kitchen
- Refrigerator, commercial stove, microwaves, ice-machine, and dishwasher
- Dishes and silverware available
- Round and rectangular banquet tables and chairs provided
- WIFI and Microphones
- Media/Theater system

A small meeting room that can accommodate up to 40 people is also available to rent.

DRY HYDRANT UPDATE

On February 28th, the fire department came to the lake with a "pumper" engine. They were immediately successful pumping water from the Lake View dry hydrant, but at a very low rate – 200 gallons/minute. After backwashing the hydrant, they were able to increase the flow to 500 gallons/minute. While this was certainly encouraging because we had not pumped from the hydrant in 15-20 years, we would still have work to do because the fire department needs a rate of 1,500 gallons/minute in order to fill the tankers quickly.

The Deputy Chief is very familiar with dry hydrants and has regularly experienced problems with them. He would prefer that we have a location or two that will support the weight of the pumping engine and provide access to the lake year-round. We met with him on April 9th to review the feasibility of two places, one on each side of the lake. The Deputy Chief indicate that both locations would work well for the fire department. As a result, we are going create a parking space with sufficient base to handle the weight of a pumper at the Fishing Point and at Paradise Cove located off of Meade Drive. The Paradise Cove location will also require a widening of the entrance. At both locations, the water is accessible year-round, and the tanker trucks will be able to be refilled quickly. When not in use by the fire department, both locations will appear like the current appearance – grassy areas.

The Maintenance Department will be doing the necessary work prior to taking the lake down in December.

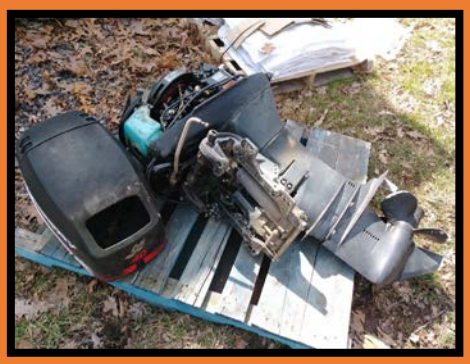
EXCESS PROPERTY

Per the "Dissemination of LHPOA Property" policy, members are offered the opportunity to submit sealed bids for old equipment. Sealed bids will be accepted at the LHPOA office until the end of the day May 31st.

LHPOA reserves the right to reject any and all bids.

The description of the item offered is as follows:

- Mercury 40 HP 2 stroke outboard boat motor. Still runs but idles a little rough.



If you would like to see the item, please contact our maintenance department at 717-334-9768.

LAKE HEALTH TIPS, HOMEOWNERS CAN HELP: STORMWATER MANAGEMENT

When it rains, where does the water go? Straight into the lake! How does this rush of fast moving water impact our environment and more importantly, our lake? Not as great as you may think! How can you help mother nature balance out the water and nutrients to be where they should be for an optimal ecosystem?

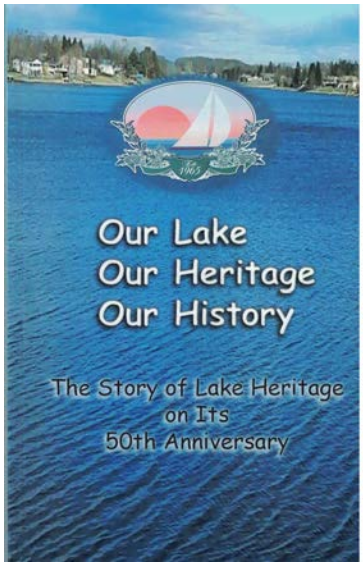
Stop in the office to pick up a booklet on storm water management by PA Department of Environmental Protection. It covers why you should manage the storm water and how you can do so. It covers simple methods that help, such as rain barrels, rain gardens, pervious pavers/asphalt, and dry wells. The booklet is available for free, so you can learn how to use simple techniques on your property that have a big impact on the environment and the health of the lake!

Available in the office Monday-Friday from 9am-5pm. If you cannot get to the office during regular hours, send an email to admin@lakeheritage.org and request a copy. We can reply with the PDF version.

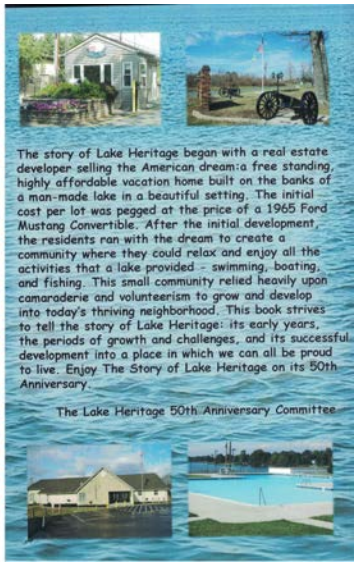
STILL AVAILABLE FOR SALE IN THE LHPOA OFFICE!

LAKE HERITAGE HISTORY: Are you interested in history? Do you live in Lake Heritage? Here is your chance to read Our Lake Our Heritage Our History: The Story of Lake Heritage on Its 50th Anniversary.

This 160-page book was written and published by the 50th Anniversary Committee. This book breaks down the development of Lake Heritage from a Massachusetts's real estate developer's vision of an aqua-centric, rest and relaxation, vacation home community built on the shores of a man-made lake to a thriving year-round community within easy reach of major arteries connecting Gettysburg with Baltimore, Washington, and Harrisburg. You will not find a better synthesis of Lake Heritage trivia, trials, tribulations and triumphs than what can be found in this book. It's written in an easy to read format and breaks down the lake's history into decades and years.



ON SALE IN COMMUNITY CENTER $10 LIMITED COPIES



As a supplement to the book, a DVD is also available!

REMINDER:

WHEN THE DAM LIGHT IS ON - NO WAKE NOR A SPEED OF MORE THAN 5 MPH

PROPOSED RULES AND REGULATIONS CHANGE
ARTICLE 1, SECTIONS 1 AND 2

The Board of Directors (BOD) has approved the proposed changes to RULES & REGULATIONS, ARTICLE 1, Section 1, Foreword, and Section 2, Members. These are changes that the Governance Committee has been working on and the Pool Committee has asked for the change to be made for the 2019 pool season and the BOD agrees. The new Section 1, MEMBERSHIP "clarifies exactly who are Members of the Lake Heritage Property Owners Association (LHPOA), based on the By-Laws. It is important to understand that only Members, can participate in LHPOA governance activities, such as attending Board Meetings as well as LHPOA committee meetings (By-Laws Article VI Section 1). The new Section 2, Privileges Eligibility revision recognizes that Members" may have individuals who are considered "non-family", in accordance with the current R&Rs, and who therefore cannot have LHPOA privileges such as a pool pass. The proposed revision, as written, broadens the privilege criteria to include ". . . those who <u>live permanently</u> with the Member in the Member's domicile . . ." thereby allowing those previously ineligible to receive privileges.

CURRENT	NEW
ARTICLE I Section 1 Foreword The following rules and regulations have been established over a considerable period of time, as the need has arisen. They amplify the By-laws and Deed Restrictions. They are intended to permit all members to enjoy the use of the Association property and facilities in safety, protect the Members investment by maintaining property values, and preserve our private, family-oriented community.	**FOREWORD** The following Rules and Regulations ("R&Rs") have been established over a considerable time period. As such, this is a dynamic document subject to change as approved by the Lake Heritage Property Owners Association ("LHPOA") Board of Directors ("BOD"). These R&Rs work in conjunction with the By-laws and Deed Restrictions. The purpose of these R&Rs is to establish a common framework within which all LHPOA Members can enjoy the use of their property as well as permitting all Members to enjoy the use of LHPOA property and facilities safely, protect the Members' investment by maintaining property integrity and preserve our private, family-oriented community. Members and Tenants shall comply with all the R&Rs as stated herein. Failure to comply with these R&Rs is subject to enforcement action by the LHPOA BOD as appropriate. ~~The LHPOA BOD reserves the right to grant exceptions to these regulations on a case by case basis~~.
. **New Section 1**	**ARTICLE I** **SECTION 1** **MEMBERSHIP** LHPOA Membership is defined in Article II Section 1 of the LHPOA By-Law, as follows: "The Association shall have only one (1) class of members which shall consist of those persons who own a lot or lots in Lake Heritage Subdivision." An individual, designated by a legally recognized Third Party entity owning property in the Lake Heritage Subdivision, is identified as "the member.".

ARTICLE I Section 2 Members 1. For the purposes of using the Lake Heritage facilities and common areas, a family consists of: a. The property owner; b. The property owner's spouse; c. The members of the property owner's family who live permanently with the member in the member's domicile as evidence by registration in local schools, driver 's license, voter 's registration card, tax return or other legally recognized documents accepted by the BOD. These above defined persons are allowed full access to all Lake Heritage facilities without member accompaniment and are eligible for the issuance of Vehicle Stickers and Pool Passes. Adopted 11/4/09 2. All others will be classified as either, a. Tenants who are subject to tenant fees prior to being issued vehicle stickers and pool passes or, b. Guests who under no circumstances are given vehicle stickers or pool passes.	**ARTICLE I** **Section 2** **PRIVILEGES ELIGIBILITY** 1. The Member and those who live permanently with the Member in the Member's domicile as evidenced by for example, proof of registration in local schools, driver's license, voter's registration card, tax return or other legal and current document accepted by the LHPOA BOD showing such address as residence, (Member's Household) are allowed full access to all Lake Heritage facilities and are eligible for the issuance of LHPOA vehicle access identification and pool passes. 2. All other persons are classified as either Tenants or Guests. (a) Tenants are eligible for LHPOA privileges upon payment of the tenant user fee. (b) Guests are not eligible for LHPOA privileges and are the sole responsibility of the visited Member ("Guests")

Note: We have received feedback about the last sentence of the foreword and have agreed to delete the phrase.

- Motion approved to adjourn.

LAKE UPDATE – SWALES (reprinted from Sept. 2017 newsletter)

Lake Heritage is a swale community to live in. But why do we have swales? Swales are man-made or natural channels which are designed to guide, slow, filter, and absorb storm water runoff. They hold water during and immediately after a storm but are usually dry at other times. Just about every property in Lake Heritage has a swale in the front yard.

For a long time buried drainage systems were considered the most effective way to move water in the landscape. But this thinking has changed, landscape architects and engineers now recommend "daylighting" water runoff where possible. Daylighting is keeping water on the surface so it can be managed, just like we do with Lake Heritage's open swales. The most beneficial type of daylighted swales are those planted with vegetation.

Swales planted with grass, flowers, and small shrubbery are a natural solution for our community to use in improving lake quality. Vegetation is a major part of best practices. Planted swales benefit our community by reducing pollutants entering the lake, minimizing erosion, and providing an appealing, easily maintained landscape especially near driveways, parking areas, and roads.

Best management practices are sometimes referred to as Green Infrastructure. Here are some actions that every property owner can do to help keep the lake healthy.

- Clean debris from your swales (especially after trash day!) Remove leaves and grass clippings from swales.
- Address standing water which has been in place for more than 72 hours. All swales should be graded to facilitate water flow.
- Maintain grass is swales to a minimum of 7 inches.
- Plant native plants only (no invasive or exotic plants).
- Do not apply fertilizers, weed killers, or bug killers in or near your swale.
- Do not park in swales.

To go along with these guidelines, you may have noticed that the maintenance crew is no longer cutting the grass in many swales. This is being done to help slow down runoff and reduce pollutants entering the lake.

Planting Your Swale
Visualize the roads and shores of Lake Heritage bordered by beautiful flowers, shrubbery, and grasses. Planted swales and lakefronts will not only be pretty, but they will discourage weeds, improve the soil, slow water runoff, and discourage geese and ducks from getting onto your lawns. Native plants have the benefit of longer, deeper roots which serve as a sponge to hold and filter water. Additionally, once established they do not require additional watering or fertilization.

Recommendations for planting swales:
- The recommended height of the plants will depend on the depth of the swale.
- Grass should be maintained at about seven inches or above.
- Find the right plants for the wetness of your swale.
- Avoid invasive plants that are not native to Pennsylvania, and noxious plants such as loosestrife which are harmful to natural ecosystems.
- Do not use fertilizers or weed killers in swales.
- Plant colorful flowers that you would like to see in your swale.

Perennial plants suggested for consistently wet or moist swales;

Bee-Balm	False Solomon's Seal	Pickerel Weed	Wild Geranium Cranesbill
Black-eyed Susan	Breat Blue Lobelia	Summer Phlox	
Cardinal Flower	Little Bluestem Grass	Virginia Bluebells	

Suggested perennial plants for swales that are dry most of the time;

Bee Balm	Butterfly Weed	Goldenrod	Turtlehead
Black-eyed Susan	Coneflower	Little Bluestem Grass	
Blazing Star	Coreopsis	Penstemon	

PROTECT OUR LAKE!

Please keep in mind the Quarantine procedure adopted June 2015. Help us protect our lake from invasive species.
Article IX
SECTION 10

Zebra Mussels and Invasive Species Quarantine

1. All watercraft being brought into Lake Heritage will require seven-day quarantine unless the watercraft has a Watercraft Re-Entry Pass. If the member is only removing the watercraft for a short time (less than two hours) then only a Watercraft Re-entry Pass showing the time of departure from the lake will be required. Upon re-entry of this watercraft, the Watercraft Re-entry Pass will be shown to the gate security staff, and the time and date will be noted. If the watercraft is removed from the lake for longer than two hours, then the quarantine procedures of paragraph 2 will be followed. Note: All forms will be available at the gate house or office.
2. If quarantine is required, the owner must complete the information section of the Watercraft Quarantine Worksheet before reentering Lake Heritage. *Follow quarantine security procedure as defined in paragraph 11 "Quarantine Procedure". The owner must provide dry storage, either indoors or under a full tarp for a seven-day period. In addition, the owner must complete the quarantine checklist provided with the Worksheet. Special attention should be given to the areas where the aquatic life can "hide" such as live wells, bilges, bait buckets, engine cooling systems, and anchor chains and ropes. The owner is then able to put the watercraft into the lake.
3. Members with a Watercraft Re-Entry Pass must enter the front gate with their pass for validation by the security person. They must complete the information in the "RE-ENTERING LAKE" part of the form. The pass will be reviewed by the security staff member. If the paperwork is signed, indicating that the watercraft has not been in other waters, the watercraft may enter and launch in the lake immediately. If not, the watercraft will be subject to the seven-day quarantine procedure referenced above (See paragraph 2). The security staff member will initial the pass and give the member an orange quarantine tag. The pass will be kept in the security building.
4. Should a member with a watercraft in quarantine desire to move the watercraft from Lake Heritage in order to use it in another body of water, no Watercraft Re-Entry Pass will be provided, and the boat may be used outside Lake Heritage. However, when re-entering Lake Heritage the quarantine process will begin as described in paragraph 2. Member will remove the orange quarantine tag and give it to the Security staff member at the gatehouse.
5. Members removing their watercraft from Lake Heritage property, with no intention of placing their watercraft in another waterway (such as going out for maintenance, permanent home, etc.) should stop at the Shady Grove recreation area parking lot to complete the applicable portion of the Watercraft Re-Entry Pass. The security staff member will then note the date and time, then initial the pass. The pass will be given to the watercraft owner
6. Vendors doing business at Lake Heritage may go to the office for a vendor certification form. The completed form must be mailed or delivered to the office to receive a Vendor's Pass. Only certified vendors, the PA Fish and Boat Commission and local emergency agencies will be allowed to bring a non-member watercraft into Lake Heritage.
7. This policy, along with an education document on invasive species must be signed by members each year prior to getting their boat stickers.
8. All forms related to the Invasive Species and Zebra Mussel Quarantine Policy will be available at the LHPOA Business Office.
9. Violations of the Invasive Species Quarantine Policy: Due to the serious nature of invasive species infestations, fines have been set for any violations of the policy. Any deviation to the above procedures will result in a fine assessment of $300.00 and a ban of subject watercraft from using Lake Heritage for one year from the date the fine is assessed.
10. While this policy pertains primarily to trailered and powered watercraft, all members of the LHPOA are required to implement similar protective measures when bringing any watercraft back into the community after use in other waters. Power washing canoes, kayaks, and paddle boards, allowing life preservers and vests to dry, etc. will provide an additional layer of protection in keeping invasive species out of our lake.
11. Quarantine Procedure:
    a. Gatehouse staff will maintain a separate boat log book of the member's name, lot number, boat registration number, date and time of arrival. The member will complete the required forms. Member will move boat to the Shady Grove recreation area parking lot, if unoccupied, to complete the paperwork. This will get the boat out of the line of traffic. Member completes the required paperwork and returns it to the security staff and will be given an orange quarantine tag. The member takes the boat to his/her residence or boat storage location. The Member covers the boat under a full tarp and then secures the tag to the boat
    b. If the Shady Grove recreation area is occupied, the member may take the boat to his/her residence or boat storage location. Member completes the required paperwork and returns it to the security staff. Member then stores the boat as outlined in paragraph a. above and secures the tag to the boat or trailer.
    c. The roving security patrol staff will verify the boat is tagged and covered and will pick-up the paperwork if it has not been already returned to security. If the member is not at home, a security staff member will call for the paperwork to be delivered. Periodically, the roving security patrol staff will confirm that the boat is tagged and covered throughout the 7-day timeframe.
    d. The patrol vehicle will have tags for use in the event the member fails to tag the watercraft. The roving security patrol staff member will affix the tag and record the number, date, location, and time. The seven-day quarantine period begins at this time.
    e. At the end of the 7-day quarantine period the member should return the paperwork and tag to security and is then free to launch their craft into Lake Heritage waters. Adopted 6/10/2015

LAKE HERITAGE BOATING REMINDERS

You are required to follow all PA Boating Regulations as Lake Heritage is considered a Pennsylvania waterway. If you have not taken the Boater Education Safety Course, we recommend that you do. One is scheduled each year in January at the Community Center. This is a highlight of some of the important regulations and responsibilities. Please read the LHPOA Rules and Regulations along with the PA Boating Handbook for full regulations and requirements.

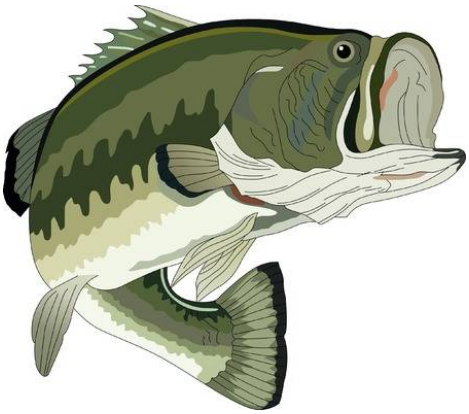
- Boat Stickers: All boats, whether powered or not, must display current year LHPOA Boat Stickers along with the member's lot number. In addition to the required LHPOA stickers, the Pennsylvania (or registered State) registration number and validation decal must be displayed on required boats. See both the LHPOA Rules and Regulations and the PA Boating Handbook for full details.
- ***No Wake Zones:***
  - When the dam strobe light is on. This means that when the strobe light is on, the ENTIRE lake becomes a No-Wake Zone.
  - Within 100 feet of any shore-line, float, dock, swimmer or downed skier/tuber
  - Within 100 feet of any anchored or drifting boats
  - Within any cove or inlet
  - Beyond the three buoy markers at the North end of the Lake
  - Note: A boat operator will be responsible for any damage or hazard caused by their wake
- Outside the buoy line, (towards the center of the lake) ALL boats MUST travel in a counter-clockwise direction at all times, meaning the nearest shoreline is on the boat operator's right.
- All boats must display running lights when the dam strobe light is on.
- Boating Safety Education Certificates are required for all persons operating a powerboat who are born on or after January 1, 1982. In addition, persons 11 years of age or younger may NOT operate a boat with a motor greater than 25 horse power.
- Personal Flotation Devices (PFD, Life Jacket) are required to be on board for each person on any vessel, including kayaks, canoes and Stand-up Paddleboards (SUP's).
- Children 12 years of age and under MUST wear a life jacket at **all** times whether in a boat, canoe, kayak or SUP.
- Boats over 16 feet are required to have a throwable device. (ring buoy or buoyant seat cushion)
- ***Water Skiers/Tubers:***
  - All water skiers and anyone towed behind a boat MUST wear a PFD (life jacket).
  - No skiing or towing after the dam light is on.
  - No skiing/towing before 9AM Saturday, Sunday or Holidays.
  - No skiing/towing more than 2 people Saturday, Sunday or Holidays.
  - Skiing/Towing or picking up/dropping skiers/tubers within 100 feet of the shoreline or dock is prohibited.
  - Skiers/tubers under power should not come within 100 feet of shoreline or dock south of the fishing point.
  - North of the fishing point, boat and skier/tuber must remain within the buoy marked channel.
  - Towed U-turns are prohibited North of the fishing point.
  - When pulling a skier or tuber, in addition to the boat operator, a competent observer MUST be in the boat in a position to observe the progress of the person being towed. A competent observer is one who has the ability to assess when a skier/tuber is in trouble and is capable of helping the skier/tuber.

Enforcement: Primary enforcement of the Lake's Rules and Regulations are done by the Security staff using both the patrol boat and shoreline observations. Violations can range from a warning to fines in the range of $25 to $300 dollars. Serious violations such as operating the boat under the influence of intoxicating liquor or drugs, or children 12 and under not wearing a PFD can result in the suspension of the member's boating privileges. Please note that periodically, Waterway Conservation Officers from the Pennsylvania Fish and Boat Commission are on the Lake to ensure safe boating practices and compliance with all PA boating and fishing regulations.

It is the member or boat operator's responsibility to read and comply with ALL Lake Heritage Boating Regulations as outlined in Article XI. This document only highlights certain requirements and responsibilities. It is also recommended that you read the ***Pennsylvania Boating Handbook*** which is available at Community Center Office.

Thank you for Safe Boating!

TAILS FROM THE FISHING CLUB



There were forty-eight attendees at the Fishing Club's monthly meeting on April 19th. President Steve Oakes called the meeting to order at 6:30 pm. Special thanks to Phyllis and Brian French for the decorations that brought the Easter season to the Community Center meeting room - including fresh forsythia and daffodils, bunnies and eggs, and pastel-colored table settings.

Treasurer Ernie Clevinger provided the Club's treasury report. After all income and expenses, $10,252.04 was on hand at the end of March, 2019, which included $909.45 for the Veterans and Friends Initiative. A member suggested the $2 monthly bank administrative fee might be avoidable due to the high balance of funds routinely in the account. Ernie agreed to address this with the bank shortly - though past efforts have not been successful. A motion to accept the report was approved.

Ernie also discussed the status of Club funds to support fish stocking of the lake. Club membership had approved $1,000 in 2018 funds to stock the lake. That money was un-spent, as the fish supplier's stocks were inadequate quality. In early April of 2019, the fish supplier "double-stocked" the lake - delivering 2,500 large mouth bass 5 to 8 inches in length. The delivery was coordinated with the Lake and Dam Committee, and the entire bill was paid by the Lake Heritage POA Office. The Fishing Club has $1,000 budgeted for a 2019 fish stocking. A motion was made to commit the $1,000 from the 2018 budget (funds carried over) and $1,000 from the 2019 budget to fund the April 2019 "double-stocking" of wide mouth bass in the lake. The motion was approved.

The Secretary's minutes for the March 8th Club Meeting were approved, and congratulations shared for those celebrating April birthdays (ranging from 44 years to "lived in eight different decades"), and Wedding Anniversaries (longest being 53 years). It was noted name tags will be updated and Ernie encouraged members to double-check his paid dues roster - he indicated there are 98 dues-paying members as of April 2019.

Steve noted 6 scholarship applications are being reviewed by a committee - an update will be provided next month. He also noted the rules for the Emerson-Greenholt Family Fishing Marathon (scheduled May 4, 2019) can be found in the April LHPOA Newsletter.

Brian French noted that the Fishing Club's local road cleanup initiative begins Saturday, April 27. Volunteers should meet at the front gate at 0800 hrs. Cleanup occurs one Saturday morning every other month in April, June and August.

Craig Dresser noted Mike Heller has volunteered to run a CPR class if there is sufficient interest. It is a 4-hour class and would cost $3 for supplies (each participant pays this cost). Class size would be limited to 9. A motion was made for the Fishing Club to sponsor this event in the Community Center. The motion was approved.

Beth Bauer reviewed the upcoming Volunteer Day opportunities. Ernie Clevinger noted there may be opportunity to arrange attendance at a future show at the Totem Pole playhouse in July or August. He will solicit interest at the next meeting.

Steve noted the next Fishing Club meeting will be May 10th. Hosts are Agnes and Tom Reuter, Karen and Bob Reed, Art and Lorraine Edwards, and Len and Elaine Ferrara. The theme is "Spring." Other key activities: The Emerson-Greenholt Family Fishing Tournament will be held 4 May, the same day as the Women's Club Plant Sale. The Lake Heritage Volunteer Day is 11 May.

The meeting was adjourned at 7:45 pm.

2. The Easter Bunny showed up with a few eggs.
3. New Lake members, Ronda & Dean Sprague - their house is under construction.
4. Welcome back Sandy and Greg Howe from sunny Florida.
5. The Parmentier family - their son is currently serving in the Navy. Thanks for your service.
6. A few of the 2,000 plus largemouth bass stocked in the lake this month.
